THE SECRETARY OF DEFENSE

8 April 1959

MEMORANDUM FOR GENERAL TWINING

Following is the substance of the understanding reached with Secretary Herter this morning in the matter of resumption of C-130 corridor flights.

State (Messrs. Kohler and Merchant) are coordinating with Defense on response to the Soviet protest note. Our response should be delivered by Ambassador Thompson to the USSR next Friday or Saturday, after which Defense will be cleared to make an additional C-130 flight under the same clearance and conditions as the first one, namely, clear weather, etc.

In view of complication with allies, State requests that we review with them the results of this second flight before continuing with a third and subsequent flights.

Messrs. Kohler and Merchant, working through Mr. Irwin's office, will keep us advised of the status of the U.S. response to the Soviet note.
